<p>At St Gregory's Catholic Primary School, we are committed to ensuring that each individual child receives the very best education allowing them to reach their full potential academically and socially. This belief is reflected in our school vision: Our mission at Saint Gregory's Catholic Primary School is "LOVING AND LEARNING" this is embedded into our ethos and culture. To love all those with whom we come into contact as taught to us by Jesus through the Gospels. To learn to the best of our ability using our God given talents.</p> <p>We have the highest expectations for our pupils and we continually strive to ensure that no pupil is left behind. When deciding how to spend the pupil premium grant it is important that we look at the potential barriers to learning faced by pupil premium pupils in the context of our school. The reasons for underachievement are many and varied and could include; less support at home; social and emotional difficulties due to complex family situations or attendance and punctuality difficulties. Each child entitled to the pupil premium grant is unique in their situation and our response to their needs must reflect this. With this in mind, we aim to build the capacity and expertise to enable us to provide a personalised programme of support in order to allow each child to reach his/her full potential.</p> <p>Our key objective in using the pupil premium grant is to narrow the attainment and achievement gap between those entitled to pupil premium and those not. Historically pupils at St Gregory's achieve and attain well, often at levels much higher than those expected nationally. However, there is still a pattern, of our pupil premium pupils doing better than other pupil premium pupils nationally but not as well as those who are not entitled to the pupil premium grant. We aim to narrow and even remove this gap. We will ensure that: a high profile is given to Pupil Premium Pupils and all staff are accountable for the progress of Pupil Premium children</p>

Impact		
<p>The progress and attainment of all pupils at St Gregory's is carefully tracked and analysed by the Head Teacher and provision and support programmes are regularly reviewed during the school year. The children are tested and/or teacher assessed every half term and progress is carefully monitored. If any child is falling behind then rapid interventions are put in place. Staff are accountable to the head Teacher for the progress of the children in their care. The Headteacher conducts half termly pupil progress meetings with all teachers. The provision in classrooms and scrutiny's of the pupil's books is monitored at regular intervals during the school year by the Head Teacher and subject co-ordinators. This level of monitoring provides further evidence of whether the pupil premium support is effective. Our school has a proven track record of achieving positive outcomes for children eligible for the pupil premium. When needed the children work in small groups with</p>		

very skilled teaching assistants. In recent years children eligible for pupil premium have made much better progress at St Gregory's than the national average for all schools.

Date of the next review of school's Pupil Premium strategy

We will review this strategy in July 2019 ready for the new school year 2019/20. 2018: Whole school statistical data available shows that the pupil premium children progress and attainment scores reflect the impact of the pupil premium strategy.
